<p>SPECIFIC PHOTO INTELLIGENCE REQUESTED:</p> <p>Request that a brief be prepared on the above installation. The plant began operations in 1955 and will be one of the USSR's most important light metals producers. In view of the inadequate knowledge of this plant, it would appear that the information regarding expansion and construction in the SUNGAIT area (Ref: FI Alert No. ETA-I-A8, 6 Dec. 1956) would be of great value to a better understanding of the Soviet aluminum situation.</p>
